- Course Content :** **AGI32 Introductory/Intermediate:**
Geared towards newcomers and experienced AGI32 users, this 2 day course will help you to use AGI32's powerful calculation and visualization capabilities. Developed from our proven in-house training courses, this course will illustrate:
1. The best practices for efficient work flow when integrating AGI32 into your own design process.
 2. The fundamental concepts of electric lighting analysis through an application-based approach.
 3. Exciting ways to present your results, including still images, dynamic output, and sophisticated page layouts.
